Thank you for allowing 2015 to be yet another successful year for Plum EMS. We responded to nearly 2,800 emergency calls last year. Over 1,900 people were transported to the local emergency rooms of the Allegheny Health Network and UPMC Health System. This enables people to stay close to their communities, receive excellent care, and makes it easier for family members to participate in their loved one's quick recovery.

In mid-2014, construction of the new Plum EMS station was initiated on two acres of land on Old Mine Road, located in the Renton section of Plum Borough. It is now January 2016 and Plum EMS has been able to call *1990 Old Mine Road* home for over 7 months. Our 36 full-time and part-time employees, 3 ambulances, and 2 squad vehicles have a fully functioning residence that can support the growing needs of Plum Borough for many years to come. Without the help of our devoted subscribers, and the support of the Plum Council, it would not have been possible to upgrade our facility.

However, with the new location, came a monthly mortgage for Plum EMS, with the Borough of Plum. Plum EMS is also upgrading and refurbishing one of our ambulances in February 2016. The patient compartment will be remounted on a new chassis and upgrades will be made to the entire ambulance. This re-mounting option allows us to save the service over \$40,000 dollars. Plum EMS is committed to providing the residents of Plum Borough with the safest and most reliable equipment and emergency vehicles.

Your support saves lives!

What are some great benefits to supporting Plum EMS?

First and foremost, your support saves lives every day. Your support allows our Paramedics and EMT's to respond 24 hours a day, 365 days a year to an emergency call. Without your support, we would not be able to respond to your call for help!

Secondly, your support will save you money in the event that you or a loved one may need an ambulance. As a non-profit service, we are not funded by tax dollars as the police and public works departments are. Rather, we must bill the patients who need our help. As a subscriber, you receive discounts of up to a 50% reduction on the balance of the bill. Your support saves lives and can now save you money!

*Please read the information on the other side,
 and take advantage of this great money saving opportunity.*

Plum EMS Subscription Agreement

Dispatch of a Plum EMS ambulance will result in the patient receiving a charge for all appropriate services. Plum EMS will submit a bill to your insurance company when applicable. Insurance payments are then applied to your balance. Once all insurance payments are applied, **subscribers receive up to a 50% discount on any remaining out-of-pocket expenses** (e.g. deductibles and co-pays) for emergency ambulance services.

In most situations, this can save you hundreds of dollars!

Failure to adhere to the agreement will void your subscription with Plum EMS, resulting in your responsibility of the full amount of the ambulance charge. Retention of payments, from your insurer, designated as payment to Plum EMS for services rendered, will result in legal proceedings.

Non-Subscribers are responsible for full amount of ambulance bills.

Visit www.plumems.com for additional details regarding subscriptions or call 412-793-4801.
